

PARTNERING WITH ME

Because no central funds exist within Campus Crusade's ministry to pay staff salaries, raising financial support is my responsibility and privilege.

I do this by contacting individuals and churches who share a common interest in reaching college students for Christ. These individuals are personally involved in what I do through their prayers and finances.

By having a team of ministry partners who pray and give, I am able to receive paychecks and cover ministry expenses.

Would you consider joining me to reach college students of the Northwest for Christ?

Campus Crusade for Christ

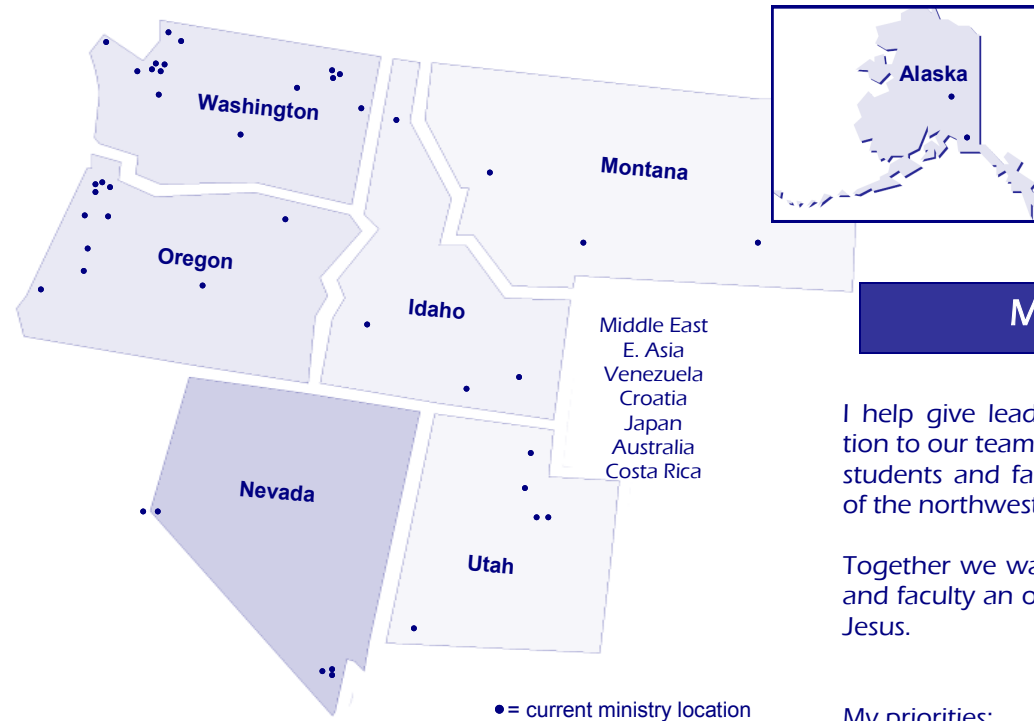

REACHING THE NORTHWEST

- There are 1 million college students in the Northwest and our six international partnerships. We have 150 campus staff reaching out to these students.
- **Oregon** is one of the most unchurched states in the nation.
The Oregonian, September 18, 2002
- **Utah** is the most churched state, with 75% of the population devoted to Mormonism.
The Oregonian, September 18, 2002
- Only 40% of freshmen think it's important to follow religious teachings in everyday life.
Time, May 9, 2006

THE GREATER NORTHWEST REGION

MY PART

I help give leadership, vision and direction to our teams sharing the gospel with students and faculty in the seven states of the northwest region.

Together we want to give every student and faculty an opportunity to say 'yes' to Jesus.

My priorities:

- Shepherding, Leading and Developing Campus Leaders
- Creating an environment of faith to believe God for the impossible
- Mobilizing, empowering and encouraging staff and students
- Evaluating and increasing effectiveness of our evangelism and discipleship efforts.

WHAT WE DO

"Win-Build-Send"

The mission of the campus ministry is to see college students and faculty transformed: from lost like sheep into Christ-centered laborers. We do this by sharing the gospel with students and professors, discipling them in their faith and then equipping them to reach out to others with the gospel.

Church involvement is important to us and we encourage students to participate in a local church, both while in school and after
